I. OPEN DISASTERS/EMERGENCIES:

II. WEATHER:

Near Term Outlook – The next in a series of storms will impact mainly Northern California through Monday morning. The rain and mountains snow (above 6000 feet) will occur north of Fresno. Another Northern California storm is expected on Wednesday (02/12).

Longer Term Outlook – Beyond Tuesday, a series of storms will continue to bring precipitation to northern California through at least next weekend. At this time, we do not expect any significant cold surges during this period which would keep snow levels relatively high. The southern portion of the state will continue to see little to no precipitation during this period.

IV. SIGNIFICANT ACTIVITY:

State

Drought 2014 (Update)

* The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily. The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed. The Coastal and Southern REOCs are activated at Level 1.

* The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Situation:

The lack of winter rain and snowfall has resulted in drought conditions throughout the State. Some local jurisdictions are implementing mandatory conservation orders. The Governor has established a Drought Task Force to oversee and coordinate the response to this event.

The Task Force continues to be in very close contact with local jurisdictions and state agencies to monitor the health of state's water, agriculture, and economy.

** Heavy rain and snow would have to fall throughout California every other day from now until May to reach average annual rain and snowfall. Even with such precipitation, California would remain in drought conditions**

Declarations/Resolutions/Proclamations:

State:

01/17/14 -- January 17, 2014, Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for these drought conditions.

Local:

NOTE - Dates have been adjusted to when proclamations were approved.

02/06/14 – A Resolution from Placer County Water Agency has been received declaring a water shortage emergency condition due to the existing severe drought within the region. In addition, the Resolution adopts regulations and restrictions on delivery and consumption of water, sets limitations for new water service, and authorizes the filing of a notice of exemption. No State assistance has been requested at this time.

02/04/14 – Glenn County has submitted a Resolution requesting the Governor of California proclaim the County of Glenn a disaster area and that a state of emergency exists, and that he requests the President of the United States to declare the county a disaster area and issue an Executive Order to provide assistance to affected farmers.

02/04/14 – Tuolumne County Board of Supervisors proclaimed the existence of a local emergency due to drought conditions. State and Federal assistance is being requested at this time.

02/14/14 – Tulare County Board of Supervisors proclaimed the existence of a local emergency due to drought conditions. State assistance is being requested at this time.

01/29/14 – Yurok Tribal Council of Del Norte County has proclaimed an emergency and imminent threat of disaster due to drought conditions affecting the Yurok Reservation and Region.

01/28/14 – San Joaquin County Board of Supervisors proclaimed the existence of a local emergency, due to drought conditions. There are no specific requests for State or Federal assistance.

Residential Explosion, Redding, Shasta County

On 02/06/14, Shasta County Sheriff's Office (SCSO) responded to a residence due to an explosion outside of city limits of Redding, Shasta County, in a rural setting. Law Enforcement Mutual Aid Mission 2014-LAW-2109 has been issued for this incident; however, no mutual aid has been requested at this time. Upon investigation, local and Federal Explosive Ordinance Disposal (EOD) teams established a 1000 foot perimeter around the residence due to the amount of explosive and chemical materials within the residence and an outbuilding on the property. Twenty four (24) homes have been evacuated by SCSO as of 2130 hours on 2/07/14. The evacuation order will remain in effect until a final determination is made regarding the final disposition of the explosives/chemicals within the residence. An estimated 60 persons were evacuated to a shelter established by the American Red Cross (ARC) at Manzanita School: 1240 Manzanita Hills Ave, Redding, Shasta County. [Current shelter count is 3. The ARC Shelter at Manzanita School will relocate at approximately 1600-1700 hours on Monday, 02/10/14, to the National Guard Armory located at 3025 South Street in Redding. Inland mission number 2014-Inland-2118 has been issued for this request.](#) Cal OES LDO and Inland Region continue to monitor this incident. As a result, Shasta County has submitted a proclamation.

MCSO has requested 30 Type I and/or II ground searchers to cover a 400 acre parcel which is steep with heavy redwood forest canopy. LDO has contacted Marin, Sonoma, Napa and Cal ESAR for personnel. LDO is coordinating with Cal OES K9 Coordinator to provide 2-3 K9 for the search. LDO is continuing to coordinate with MCSO. **Mission Ongoing**

2018-Inland-2118 Shasta County Sheriff's Office requesting the use of the National Guard Armory in Redding for a shelter for evacuees affected by residential explosion incident in Redding, Shasta County.

Ongoing Missions:

2014-LAW-2109 On 02/06/14, Shasta County Sheriff's Office (SCSO) responded to a residence due to an explosion outside of city limits of Redding, Shasta County, in a rural setting. Upon investigation, local and Federal Explosive Ordinance Disposal (EOD) teams established a 1000 foot perimeter around the residence due to the amount of explosive and chemical materials within the residence and an outbuilding on the property. Twenty four (24) homes have been evacuated by SCSO as of 2130 hours on 2/07/14. The evacuation order will remain in effect until a final determination is made regarding the final disposition of the explosives/chemicals within the residence. No mutual aid has been requested at this time. **UPDATE: 02/09/14 SCSO is continuing to secure to the site.** Cal OES LDO and Inland Region continue to monitor this incident. **Mission Ongoing**

2014-LAW-2069 Solano County Sheriff's Department is requesting California National Guard (CNG) tents to support classes and vendor displays at SAREX 2014 (A joint coordination exercise) scheduled for 9/05-07/2014 in Napa County. Setup of requested resources will begin on 9/04/14 and tear down will occur on 9/08. The exact scope of work will be determined as the planning cycle continues. There will also be a request for communications support which may be a combination of CNG and Cal OES Telecommunications resources. Mission number pulled to allow CNG to begin determining what assets may be available to assist. At this time the specifics of the request are deemed "to be determined" (TBD).

2013-LAW-1797 Butte County has requested this mission re-opened as they will resume the search for a possible homicide victim. The search will resume with assistance from the Alameda County Sheriff's Department who will be providing an underwater Remote Controlled Vessel (ROV) with video and sonar capabilities to search areas of Lake Oroville. Alameda County and Butte County are coordinating mission requirements and will advise on final details regarding deployment of teams to the area.

2014-Coastal-2015 Mendocino County request for a Department of Water Resources (DWR) water specialist to assist in addressing developing issues with water system delivery due to the drought. DWR Drinking Water Program specialist is on scene.

2014-Coastal-2098 Mendocino County, Redwood Valley Water District is in need of two pumps and 6" water pipe due to drought conditions. These pumps will be used to inter tie between Redwood Valley Water District and Capella Water to provide water supplies to the 4,000 people who live in the community. The reason for this request is that in about a month the intake will be above the water line, but there is a significant volume of water below the intake. Redwood Valley Water District has been identified as 1 of the 3 critical. Cal OES CDO is coordinating this resource.

Closed Missions:
